

East Anglia Branch

Making IT good for society & Branch AGM

Speaker: **David, Evans, Director for Policy and Community at BCS, The Chartered Institute for IT**

Information technology not only drives industry, banking and big business but also government, society and community.

As technologies such as Cloud Computing, Big Data and the Internet of Things develop, they present new opportunities, but bring with them big responsibilities for privacy. IT can be a powerful tool for social inclusion, but also a major risk to social justice.

Speaker: **Adrian Winkles, from OWASP**

Open Source Security – the OWASP Way. OWASP seeks to make software security visible, so that individuals and organisations are able to make informed decisions.

This talk looks at some of the Open Source approaches and options available to help support that mission.

Speaker: **Lauri Love**

Contemporary security issues.

**Thursday 6th October 2016
18:30 until 20:30**

**Anglia Ruskin University
Lab 003, Ashcroft Building
East Road, Cambridge
CB1 1BT**

Admission is free. Everyone is welcome (subject to numbers)
