OWASP EEE (Eastern European Event)

- 1) OWASP EEE will take place for approximately one week (depends on number of participating countries) in October.
- 2) One day will be exclusively assigned for each country chapter. During workdays "normal" time is 7pm - 9pm CET, during weekends - as organizers prefer.
- 3) The main point- on a local level it will look like ordinary Chapter Meeting (even might be less in scale, 2-3 good speakers should be enough) but the most important for each chapter is to - provide live video streaming - in the specified date and time.
