Tuesday March 13, 2012

Meeting Topic: Electronic Espionage – The Expanding Threat to the US

The incident of electronic espionage in all business, defense, and infrastructure sector has shown sharp increases. The theft of intellectual property includes the full range of businesses from small to large. The actors include criminal, Nation State, and domestic adversaries. The predictions are for a continued and growing threat. The speakers will provide case history to illustrate the scope of the problem including the threat to National Security and Criminal Cyber attacks, characterize the threat actors' capabilities and motives, and provide guidance on what you can do to detect and defend against electronic espionage.

[3:40 – 4:00]	Interactive Panel Discussion	Mr. John C. Reich, Mr. Jeff Hall, Mr. Michael L. Kearns, Mr. Peter Trahon

Speaker Information and Bios

FBI Section Chief Peter Trahon

Mr. Trahon is the Section Chief of the Cyber National Security Section (CNSS) for the Cyber Division. Mr. Trahon has managerial and oversight responsibilities for all FBI's cyber national security investigations. As Section Chief for the CNSS, Mr. Trahon is also the Director of the National Cyber Investigative Joint Task Force (NCIJTF), a multi-agency federal taskforce collaborating to address the state sponsored cyber threat.

Prior to joining the FBI, Mr. Trahon designed, developed, and implemented software applications for private companies in the Boston, Massachusetts area. Mr. Trahon entered on duty with the FBI in 1992. His first assignment was in the New Orleans Division where he worked general economic crimes, to include insurance, telemarketing, and bank fraud investigations. In 1996, SA Trahon transferred to the San Francisco field office and was one of the original agents assigned to the International Computer Crime Squad. As an agent Mr. Trahon investigated several high profile Cyber investigations including CyberStrike, Solar Sunrise, Salgado, Nicholas Middleton, and Max Butler. In May 1999, Mr. Trahon was promoted to the position of Supervisory Special Agent responsible for the Cyber/Computer Intrusion squad at the San Francisco Division. During this assignment, Mr. Trahon managed the Division's Computer Analysis Response Team (CART) leading to the creation of the Silicon Valley Regional Computer Forensic Laboratory. Mr. Trahon also initiated and cultivated the Division's InfraGard Chapter. In January 2004, Mr. Trahon was promoted to Unit Chief for the Counterterrorism/Counterintelligence Criminal Intrusion Unit at FBI Headquarters. Mr. Trahon was responsible for overseeing the coordination of Federal Law Enforcement and Intelligence Community response to cyber threats targeting the National Information Infrastructure. In July 2006, Mr. Trahon was promoted to Assistant Special Agent in Charge (ASAC) for the New Haven Division. Mr. Trahon had managerial and oversight responsibilities for all Criminal and Administrative programs. In October 2008, Mr. Trahon became the ASAC responsible for Counter Terrorism, Counterintelligence, Cyber, Intelligence, Training, and Special Operations Programs for the New Haven Division. In August 2009, Mr. Trahon was promoted to Section Chief of the Strategic Outreach and Initiative Section for the Cyber Division. Mr. Trahon had managerial and oversight responsibilities for the FBI's Online Child Exploitation Program, as well as, the FBI's Cyber Training and InfraGard Programs.

Michael L. Kearn Vice President & Information Security Officer
Wells Fargo Securities

As the Information Security Officer for Interest Rate Derivatives & Principal Investments Group, Mike is responsible for proactively managing risk as it pertains to reputation, regulatory, and overall operational risk. He is also accountable for the management of privacy risk as it relates to technology. Mike brings more than eleven years of varied experience in Information Technology to his current role.

Prior to joining the firm in 2005, Mike held several other positions with Wells Fargo & Company, including roles as an IT Auditor, Application Developer and Application Architect. Prior to joining Wells Fargo & Company in 2002, Mike held various roles with US Bancorp Institutional Trust Operations. Mike graduated from Hamline University in St. Paul, Minn. with a bachelor's degree in International Economics. He is a Certified Information Systems Security Professional (CISSP) and holds the Information Assessment Methodology (IAM) certification issued by the United States Department of Defense National Security Agency (NSA).

Mike has been a featured panelist at events such as the CIO Finance Summit, CSO Magazine events, and the Minneapolis CISO Executive Summit. Mike has also provided keynote presentations for events such as the SC Magazine eSymposium on Mobile Device Security. In addition, he has been a featured speaker for the Institute for Applied Network Security (IANS) conferences and is a former member of their Technology Advisory Council (TAC). Mike is an active member of the Minneapolis chapter of InfraGard and is also the Chairman and the Cyber Security lead for the group's Intelligence Committee. Mike is also a graduate of the FBI Citizens' Academy and is an active member in the FBI Citizens' Academy Alumni Association. Finally, Mike has been a featured speaker to government agencies, including law enforcement and military personnel, on various information security topics.

Mr. Jeff Hall, Director McGladrey & Pullen, LLP

Jeff Hall is a Director in McGladrey's Risk Advisory Services group and focuses on Payment Card Industry Reports On Compliance (ROC), network security assessments, financial institution general controls reviews and Statement on Standards for Attestation Engagements 16 (SSAE 16).
